6. ACCIDENTAL RELEASE MEASURES

Personal precautions

Exclude sources of ignition and ventilate the area. Avoid breathing vapors. Refer to protective measures listed in sections 7 and 8. Contain and collect spillage with non-combustible absorbent materials, e.g. sand, earth, vermiculite, diatomaceous earth and place in container for disposal according to local regulations (see section 13).

Environmental precautions

Do not allow to enter drains or watercourses. If the product contaminates lakes, rivers or sewage, inform appropriate authorities in accordance with local regulations.

Methods for cleaning up

Clean preferably with a detergent; avoid use of solvents.

Smoking, eating and drinking should be prohibited in application area.
For personal protection see Section 8.
Always keep in containers of same material as the original one.
Comply with the health and safety at work laws.

Storage

Store between 5 and 35 °C in a dry, well ventilated place.
Keep away from oxidizing agents, from strongly alkaline and strongly acid materials.
Do not smoke. Prevent unauthorized access.
Containers which are opened must be carefully resealed and kept upright to prevent leakage.
